

APPLICATION INFORMATION

Property Owners along the shores of the Housatonic River or on Candlewood Lake, Lake Lillinonah, and Lake Zoar, with existing and/or proposed Shoreline and Land Uses within FirstLight's Project Boundary should complete this form to begin the permit process with FirstLight. Please refer to FirstLight's Permit Application Checklist for Guidance on Required Application Materials.

- A Permit, as granted by FirstLight, is required for all shoreline and land uses such as: docks, seawalls, retaining walls, or walkways within FirstLight's Project boundary.
- A permit is required even though you may not be planning any activities or work such as: repairs, construction, or installation for a new use. Prospective buyers who are under contract to purchase a property adjacent to or within FirstLight's Project boundary may also submit this form to begin the permit process.

No activities may occur on lands and waters within the Project boundary without the final review and approval by FirstLight through the issuance of a Permit. Failure to obtain a Permit will result in FirstLight's exercise of its enforcement policies as defined in the SMP-Exhibit E.

APPLICATION INSTRUCTIONS

1. Complete all sections of the application form.
2. Read and Sign the Application Certification. If you do not sign your application, it will not be accepted.

FirstLight Hydro Generating Company ("FirstLight") holds a license to generate power from the Federal Energy Regulatory Commission ("FERC"), the Housatonic River Project No. 2576 (the "Project"). The lands and waters necessary for the operation of the Project are delineated by a geographic boundary ("Project boundary"). In most cases the Project boundary was determined by a specific elevation for each impoundment and FirstLight has either fee title ownership or the flowage right to place water and ice up to that elevation. As a condition of its license FirstLight has an obligation to manage the lands and waters within its Project boundary and to ensure that property owners on any of FirstLight's impoundments comply with the Shoreline Management Plan ("SMP") and FirstLight's permitting process.
